Present: SuAnn Garvoille, Mandi Firgens, Lori Teigen, Ellen Paul, Bruce Curtis, Trent Johnson, Scott Everson, Jason Knott, Griffin Hicks, Larry Martin, Ben Laddick

Absent: Abby Beyerl, Jenean Hamilton, Jolene Hammond, Curtis Nyhus, Jerry Roth, Betsy Stalder, Samantha White, Dawn Yeager, Amy Zastoupil

Welcome and introductions

Present committee members introduced themselves.

Review 2019-2020 Goal document

Mr. Everson and Mr. Martin provided an overview of the committee goal, maintaining, evaluating, and consolidating software packages in the district with a focus on student privacy and security. Alongside this goal it is an objective to create a verification process/rubric for evaluating new software.

State of the District: Technology

Referendum update

Mr. Martin gave an update on the paging system upgrades throughout the Grove campus, the wired upgrades throughout the district, and the wireless upgrade in the HS and Grove campus. As well as discussion about the new phone system and device updates coming in the near future.

District device update

Mr. Martin and Mr. Hicks presented data regarding current desktop and mobile technology throughout the district.

Update and discussion regarding mobile device rollout

Mr. Martin outlined the changes made to device distribution moving to a 1:1 model. Discussed its introduction of stability for the device update rotation.

Technology related to Academic and Career Planning

Ms. Firgens, Mr. Knott and Mr. Everson shared information about a new piece of career software, Xello, that adds focus to career planning and connections to businesses.

Action planning for 2019-2020 school year

The committee discussed student privacy and security as a topic to heavily focus on this year.

Adjourn

Motion to adjourn by Ms. Garvoille, seconded by Mr. Ladick.
