Absent: Abby Beyerl, Eric Busse, Scott Everson, Jenean Hamilton, Jolene Hammond, Jason Knott, Curtis Nyhus, Jerry Roth, Betsy Stalder, Lori Teigen, Samantha White, Dawn Yeager, Amy Zastoupil

Review MS Software Process

Mr. Curtis received data from all four teams in the middle school. The staff response wasn't negative, and it was understood this is just to collect and look at information.

Survey/Form

The committee is going to continue collecting the data from other buildings through a representative for that school. Each of these individuals will contact staff in a manner they feel will be the best fit to get useful results. This data will be reviewed and processed during the next meeting, Dec. 18th.

Look at MS Software Data

The data the committee currently has will need to be evaluated and placed into a category, which will be included in the surveying moving forward. As many data points as possible should be added to the master list, but the focus will continue to be on services that use credentials and/or require funding. Based on current data each item will be able to be sorted, at a minimum, by subject, if credentials are used, is funding required, grade level and/or building, category (e.g. website, application) and name.

Next meeting dates

The next committee meeting will be on Dec. 18th, in the District Office Conference Room.

Adjourn

Motion by, Ms. Garvoille seconded by, Ms. Firgens to adjourn the meeting. Meet
