Absent: Eric Busse, Lori Teigen, Samantha White, Dawn Yeager, Amy Zastoupil, Jerry Roth, Jason Knott

Approve Minutes from 04/24/2018

Motion by SuAnn Garvoille, seconded by Scott Everson, minutes approved.

Update CSI: Technology Goals progress

The committee focused its discussion around a new direction for CSI: Technology moving forward. As shown in the 2017-2018 survey results, software is a main component of technology in the classroom. The new goal for the committee will include items such as documenting, vetting, and managing the various software solutions throughout the district. This may include creating grading criteria and/or processes for these solutions.

Prepare for next CSI: Technology meeting

Mr. Everson and Mr. Martin will have some groundwork for this new goal laid out for the next meeting.

Adjourn

Motion to adjourn by Larry Martin, seconded by Mandi Firgens, meeting adjourned.
