374.2

FUND RAISING BY SCHOOL ORGANIZATIONS

The Evansville Board of Education recognizes that there are many worthy organizations who derive most of their operating funds through public campaign drives of various types. Although the Board understands and is sympathetic to the goals of many of these organizations, it recognizes that its first responsibility is to the educational program.

Therefore, unless authorized by the district administrator, the schools and/or student bodies shall not participate in general fund drives or solicitations.

There shall be no more than one community wide school sponsored fund raiser per month. Monies for specific co-curricular activities or school programs derived through fund raising activities, concessions, sales or solicitation will be adequately managed and recorded in the student activity ledger and deposited with the business office. The building principal is responsible and will supervise all revenues and expenditures of activity accounts. Activity accounts related to athletics will be supervised by the athletic director and the building administrator.

Students twelve years of age or older may participate in approved fund raising events.

A student under twelve years of age may work in a fund-raising sale under the following conditions:

- a) Each minor must give the school written approval form the minor's parent or guardian.
- b) Each minor under 9 years of age or each group containing one or more minors under 9 years of age must be physically accompanied by a parent or a person at least 16 years of age.
(Amends ss 103.23 and 103.64)
