

Dear Parents:

Your child's 7th Grade teachers will be sending you a combined letter whenever the opportunity arises. This is to try to limit the clutter in your email!

Your child's teachers will be offering **office hours starting on April 6th**. This will be an opportunity for your child to connect with their teacher, ask questions, and get some help with classwork. Office Hours provide a place for your child to stay connected with their teachers and school. Office Hours are optional and your child will not be "graded" on whether they attend. Your child can always email your teacher, and we will attempt to get back them within 24 hours. (As your child also knows, Google Classroom also has an option of leaving a message to his/her class or with your child's teacher.)

Office Hours will be done using platforms such as ZOOM or YouTube live streaming. Below are the office hours for your child and the Zoom codes:
