DEFINITIONS RELATING TO ALCOHOL, TOBACCO/NICOTINE AND OTHER DRUG PROHIBITIONS

1. Alcohol, tobacco/nicotine or other drugs - A controlled substance as defined by state statutes including any form of intoxicant or mood altering substance not prescribed by a physician.
2. Drug-related paraphernalia - All products, materials, containers or equipment which are used or intended to be used for the producing, storing, concealing, inhaling, ingesting, injecting or otherwise introducing a prohibited substance into the body. The vagueness of this term and the difficulty of prohibiting the use of an otherwise innocent article because it is sometimes associated with prohibited drug use may make effective implementation of a ban on paraphernalia somewhat difficult. Administrator discretion is necessary in this area.
3. Possession or use - To have on one's person or under one's control, regardless of intent to use, or to be under the influence of any prohibited alcohol or drug, regardless of the amount ingested or the location where it was consumed.
4. Distributing - Providing for a consideration or offering to provide a prohibited substance. This definition applies regardless of whether or not a prohibited substance or consideration is actually exchanged. The giving away or sharing of a prohibited substance with another person is also included under this definition regardless of whether or not there is evidence of the intent to profit or otherwise gain from the act.
5. Screen – The testing for the presence of a prohibited substance.
6. Assessment - By a professional alcohol and drug counselor. A thorough assessment to assess the influence of chemicals/chemical use in an individual's life. Recommendations are made based on individual need.
7. Electronic cigarette – The term “electronic cigarette” means any oral device that provides a vapor of liquid nicotine, lobelia, and/or other substance, and the use of inhalation of which simulates smoking. The term shall include any such devices, whether they are manufactured, distributed, marketed or sold as e-cigarettes, e-cigars, e-pipes, vaporizers, or under any other product name or descriptor.
