

Greetings Parents and Families,

As we prepare for our new chapter of virtual teaching and learning which starts on April 6, we want you to understand that we fully realize that internet connectivity in our homes will be essential throughout this entire process. As indicated in my communication on Wednesday, per the Department of Public Instruction, our virtual learning plan will be mandatory for all our students.

The following link provides resources for internet connectivity during this pandemic health emergency: <https://psc.wi.gov/Pages/Programs/BroadbandEmergencyInternetResources.aspx>. In our area, specifically, we believe Charter Communications is the best free internet option. We encourage you to reach out to them as soon as possible to inquire whether your home is located in a serviceable area. Charter customer support is: 1-844-488-8395.

If you currently do not have home internet access and Charter and/or other providers are unable to service your home, please complete the following [Google form](#) and we will contact you individually to help find a solution. We are absolutely committed to providing an education to every single one of our students during this time, and we are here to help get every single family in our school community assistance in overcoming this internet barrier. Additionally, if you know of parents/families that may not be seeing this communication for any reason, please reach out to them and ask them to email me at [eversons@evansville.k12.wi.us](mailto:eversons@evansville.k12.wi.us), or even fill out the Google form on their behalf. If you have any questions or concerns, do not hesitate to contact us immediately.

I have been absolutely amazed and astounded at what our staff has been able to do in the past 48 hours. Our teachers are ready, and are becoming more equipped and more prepared to rollout our virtual learning by the minute. We have an amazing, committed staff and you deserve nothing less for your children.

Scott Everson  
Director of Curriculum & Instruction  
Evansville Community School District
