There are expectations that accompany open campus privilege. Administration reserves the right to limit or cancel open campus privileges if those student expectations are not being met.

They are as follows:

1. Guardian permission must be obtained and registered with the office. If the student maintains qualification, open campus would be an option unless revoked by the guardian.
2. Positive behavioral record
3. No unexcused absences
4. Currently passing all classes
5. It must show "RP" in your Skyward schedule in place of "Study Hall" in order to leave campus. All schedule changes are processed through the Student Services office once this signed form has been turned in and approved.
