

MEDICATION CONSENT FORM
Evansville Community School District

Prescription & Non-Prescription Medications

Specify one medication per form

For **prescription** medications, ask your pharmacist to prepare two labeled containers, one for school and one for home.

Non-prescription medications may be administered by designated school staff only after the parent/guardian has provided written consent and instructions for dispensing the medication to the building principal and/or school nurse. **High school students may carry and self-administer non-prescription medication in the school with prior permission on Medication Consent Form.** If possible, these medications should be given at home.

All medications (prescription and non-prescription) must be supplied in the original packaging or container and brought in by the parent/guardian. The medication must be clearly marked with the child’s name. A separate form must be filled out for each medication.
